Dear Parent/Guardian,

I am pleased to inform you that our teachers will be using a website called IXL in our classroom during the 2018-2019 school year. IXL is a comprehensive learning program offering unlimited math and ELA practice across thousands of skills- all of which are aligned to state standards. One of the best things about IXL is that your child can access it from home, so you have a chance to see your child's progress! I am recommending students begin using this program over the summer break to get them familiar with the website and retain the math and ELA knowledge they have learned so they are prepared for the 2018-2019 school year. Directions as well as your child's username and password are attached below.

IXL is designed to help your child learn at his or her own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. All of your child's results will be saved, so you can monitor his or her progress anytime by clicking on Analytics. For on-the-go practice, you can download IXL's free tablet app for Ipad, Android, or Kindle and sign in with your child's username of password.

I hope you'll encourage your son or daughter to use IXL regularly. Here's to a year of working together to make learning fun for your child!

To get your child started on your home computer, please follow these easy steps:

1. Go to <https://www.ixl.com/signin/cpms>
2. Enter their username and password and click "Sign in"
3. Click on any skill to start learning!

Sincerely,

"We Soar Like an Eagle to Reach Our Goals"
